Tuesday, November 3, 2009

**Days Inn, The Kingston Banquet & Conference Centre
33 Benson St., Kingston Ontario**

You are cordially invited to attend this “Fall Workshop” hosted by the Incident Management Committee of the Health Care Network of Southeastern Ontario. This event offers healthcare communities and key stakeholders opportunity to share best leading practices and to discuss preparedness outreach. The workshop will provide insights for major initiatives linking healthcare and communities responders improving community-level emergency preparedness, reducing vulnerabilities.

Make plans now to attend this workshop. Raise awareness of the association between emergency preparedness and continuity of operations fostering integration and collaboration. The workshop will demonstrate the impact of business continuity on community and organization resilience.

Are you ready?

Healthcare workforce, vulnerable population, critical infrastructures must be protected, planning policies should be reviewed, and resilient and sustainable agendas must be adopted by all stakeholders. What are the vulnerabilities specific to your facility? Cut through the ‘fog’ of uncertainty, be prepared!

TOPICS

- **Interlinking Regional and Local Governance for Sustainability**
